

LKY Yoga & Ayurveda Online Course Syllabus (40hrs)

Course Objectives

Trainees will learn how to tailor their yoga teaching through the system of Ayurveda, the sister-science to Yoga. Ayurveda looks to the five elements as a foundation for experiencing balance both in the natural world and within our beings. The doshas, comprised of varying degrees of the five elements, are the 3 bodily humors that make up one's mind/body constitution.

Trainees will learn traditional Hatha Yoga practices such as pranayama techniques and asanas that are geared toward increasing or decreasing the 5 elements and in turn the 3 doshas. Other practices such as mantra recitation and meditation will be taught specific to each dosha as well. Classes will vary from gentle to moderate intensity depending on the elements/doshas being explored in each specific class.

Trainees will learn how to choose a yoga practice that fits their individual body's needs or that of a student, as well as the time of year and place in life. For example, some days certain body/mind types need grounding, warming, relaxing flows, while others benefit more from precise, mental focus, and cooling routines and still others are best served by invigorating, uplifting, dynamic sequences. We will explore them all and trainees will have teaching practice assignments to learn how to make a yoga practice truly therapeutic for the body, mind, and spirit.

This course certifies yoga teachers (who have already completed a 200-hour YTT) to lead Ayurvedic-inspired yoga classes in both group and individualised settings and is also open to experienced yoga practitioners who would like to explore this field of study. It is also part of the 300hr YTT and the hours can go towards the training. Please note that this training incorporates Ayurvedic wisdom through doshic-specific asana, pranayama, meditation, and chanting, and is *not* an Ayurvedic dietary course. It can also be taken by yoga practitioners who want to take their practice further but will not qualify them to become yoga teachers.

COURSE STRUCTURE

The virtual training will take place over 4 days, with up to a year to submit course assignments. You will receive access to the online training platform where you can access the pre-recorded section of the training, and will be part of a private Facebook Group where you can interact with your fellow trainees, and ask questions and gain access to links and files relevant to the course. You will also have daily interactive Zoom classes over the 4 days, where Louisa can answer any questions and give you feedback. Final teaching assessments will be carried out using video recordings.

Because the training will be a combination of pre-recorded classes, accessed through the Training Platform and live Zoom classes, which are recorded and sent to all students daily, you can adapt your training to suit your time zone and schedule. If possible, it is best to organise your schedule so that you have some interactive live classes so you can ask questions and receive feedback, etc. During the course you will be able to book a one-to-one 30 mins videocall with Louisa if needed.

Upon completion of the training, you will still have access to the LKY Training Platform, where you can re-watch the live lectures whenever you like, and be part of the Facebook Group.

In order to maintain high standards and ensure that we keep our good reputation, it is important that you reach a certain minimum standard. Whenever we feel that this is not the case, we will talk to you personally and try to put things right. The assessment is on a continuous basis and you will receive feedback on your progress. Students who do not meet the required standards will be asked to improve on the areas of weakness, and demonstrate that they have done this, before being issued with a certificate. All successful students can be registered on the database of accredited teachers at Yoga Alliance.

Prerequisites

Students do not need to be yoga teachers to attend this course but are required to already have a 200hr teacher training certificate or equivalent if planning to teach. Successful applicants should be in good health and have stable personal circumstances to complete this course with the focus and dedication it requires. Before being accepted on to the course prospective trainees must attend a videocall with Lead Trainer, Louisa.

Accreditation

This course is accredited by Yoga Alliance Professionals.
